SINCE 1970

HOUSEHAM

AIR-RIDE XTRA

XCELLENT VERSATILITY

From only 6980kg, the Air-Ride combines a low weight chassis design with a powerful and reliable stage 5, 4 cylinder MTU 228 HP engine. Large row crop wheels and low boom configuration together with Sauer Danfoss Hydrostatic all-wheel drive ensures outstanding stability, optimised weight distribution and minimised soil compaction. A ground clearance of 110cm helps to minimise crop damage.

EXTRA FEATURES INCLUDE:

- ◆ Michelin 380/85R34 YELDBIB row crop wheels
- ◆ Michelin 600/60R30 XEOBIB flotation wheels

XCEPTIONAL PERFORMANCE

You're in complete control thanks to Househam advanced sprayer technology. Featuring a 4000 litre high capacity GRP spray tank and a double fold 24m boom. The Air-Ride includes Househam's own TMC (Total Machine Control) incorporating Fieldmaster to enable you to control your application rate and accuracy precisely.

EXTRA FEATURES INCLUDE:

- ◆ 10 Spray Sections - Single Line
- ◆ Altek 6 cylinder (380 lpm) pump
- ◆ 30 litre Stainless Steel Induction hopper (twin can rinse)
- ◆ Househam's TMC (Total Machine Control) V3 screen incorporating Fieldmaster
- ◆ Headland Assist feature
- ◆ Rear bull bar protection
- ◆ Break back nozzle protector

XTRA COMFORT

The spacious and fully climate controlled cab provides an ultra-quiet, ergonomically designed operating environment with panoramic visibility. Features include a high-back Grammer air suspension seat, CD radio with Bluetooth and USB plus electrically adjustable mirrors. Househam's Air-Ride load-sensing suspension system offers class-leading ride on road and in field.

EXTRA FEATURES INCLUDE:

- ◆ Fully enhanced lighting package including blue LED boom light, high level front light bar, Induction hopper light, flashing amber lights front and rear
- ◆ Reversing camera
- ◆ Illuminated spray gauge
- ◆ Stainless steel clothing locker featuring air line socket
